

Feedback for Project Number 6

Sentiment change over the years in top billboard songs

Feedback Below

What did you first notice about this project?

Scrapping the lyrics of top pop genre billboard songs for the past 10 years using Tableau dashboard.

What was this project's main story?

Tracking the sentiments of top Billboard songs since 2010. Songs are angrier and sadder than they were 10 years ago. In general, negative sentiment increased while positive sentiment stayed the same.

What were some areas of improvement?

Using bar chart may improve the analysis.

What elements would you add to this project?

I would add more songs to the project.

What were some successful elements of this project?

I like the visualization. The project is easy to understand, and the story is also interesting to me.

Any other thoughts you would like to convey to your peer?
